National Student Seminar

"NEP 2020-A New Paradigm to Empower India"

16th February, 2021

Virtual Mode

Call for papers

IQAC, SLC, University of Delhi takes immense pleasure in announcing one day National Student Seminar on **"NEP 2020- A New Paradigm to Empower India"** to be held on 16th February, 2021. This National Student Seminar will be of great interest to undergraduate and postgraduate students in Indian universities and colleges.

ABOUT THE COLLEGE

Shyam Lal College (SLC), a co-educational constituent college of the University of Delhi, was established in 1964 by the great visionary and entrepreneur Padmashree (late) Shri Shyam Lal Gupta, the then Chairman of Shyam Lal charitable trust. The College is

housed in a spacious building on G.T. Road, Shahdara with a sufficiently large infrastructure for both academic as well as extra-curricular activities. SLC has earned its legitimate reputation as the most efficient and prominent educational institution in the entire East Delhi region. The College is among the best institutions in the entire University of Delhi, and over the past several years, has been making steady progress towards achieving academic excellence. SLC has become the center of academic excellence since its inception and aims to make quality education accessible to the students, especially girls, from economically and educationally disadvantaged community of East Delhi. The endeavor of the College has always been to make higher education more committed, job oriented, meaningful and pragmatic, and at the same time more adaptable to the ever-changing demands of our society and the world. Over a period of 56 years, the College has distinguished itself by providing a plethora of courses and PG course with a rich contribution from distinguished faculty in different departments. SLC is fully equipped with state-of-the-art Computer labs, Science labs, Knowledge Resource Center and Library, Sports facilities to upgrade knowledge, skills and capabilities of the students needed for grooming them as future leaders. The college has been, for three years consecutively, been among the top 100 colleges of India in the NIRF Rankings for Colleges (61st 2018; 41st 2019 and 69th 2020) The College has rapidly emerged as a prominent educational institution of the country and the Hon'ble Vice President of India Shri Venkaiah Naidu has graced our 55th Annual Day and Prize Distribution function, 2018-19.

ABOUT IQAC

As per National Assessment and Accreditation Council (NAAC) guidelines every accredited institution should establish an Internal Quality Assurance Cell (IQAC) as a post-accreditation quality sustenance measure. Since quality enhancement is a continuous process, the IQAC, SLC works towards realization of the goals of quality enhancement and sustenance. The prime task of the IQAC is to develop a system for conscious,

consistent and catalytic improvement in the overall performance of the College through monitoring and facilitating academic, co-curricular and extra-curricular initiatives. The IQAC of the College achieves all these through a systemic and regular feedback mechanism and pursues towards achievement of new agendas and goals.

ABOUT UBA

SLC (University of Delhi), Shyam Lal College is a participating institute in the Unnat Bharat Abhiyan (UBA 2.0) which is the flagship programme of MoE, GoI. Under this project, SLC has adopted 5 villages. UBA team of SLC has conducted extensive surveys of the said villages, participated in the Swachata hi Sewa campaign, interacted with villagers and other stakeholders. The UBA, SLC team has also led from the front and helped the adopted villages during COVID- 19 pandemic in various ways. The village visits, surveys conducted, data collected and interactions with villagers and concerned stakeholders of the villages have helped to pin-point problem areas for which the SLC UBA team has already started work.

SEMINAR THEME

Education is a dynamic process towards achieving full human potential, establishing an equitable, inclusive, ethical society, and promoting national progress. Accordingly, resurgent India is progressively working towards providing quality education to its citizens for maximizing access to economic growth, scientific advancement, national integration, cultural preservation, social justice and equality and to achieve Atmanirbharta to bring prosperity to the nation. NEP– 2020 promises a giant leap in creating universal high-quality education for developing and maximizing our country's abundant human resources, talents, rich traditions and ancient knowledge networks. India has one of the highest population of young people in the world with 29.5 people in the 0-14 age group (Indian Census, 2011b). Thus, such progressive policies as NEP 2020, to provide high-quality educational opportunities to all, will determine the future of our country. The rapid changes in the knowledge landscape, all over the world, have brought in scientific and technological advances in the fields of machine learning, artificial

intelligence and big data. These advancements require a skilled workforce as well as multidisciplinary collaborations across the sciences, social sciences, and humanities for maximum benefit.

The National Education Policy 2020 (NEP 2020), which was notified on 29 July 2020, outlines the vision of India's new education system. NEP 2020 aims to bridge the gap between the current state of learning outcomes and future education requirements by building pathways to major reforms that bring the highest quality, equity, and integrity into the system, from early childhood care and education through higher education. The policy is a comprehensive framework for elementary education to higher education, vocational training in both rural and urban India, no compulsory language as medium of instruction, the "10 + 2" structure to be replaced with "5+3+3+4" model, multiple exit options in the proposed 4-year multi-disciplinary bachelor's degree etc. The policy envisions transformation in India's education system by re-establishing our great country as one of the super powers of knowledge.

SEMINAR OBJECTIVES

The major objective of this National Seminar is to promote a dialogue between people (students) of various fields/streams which would foreground the importance of timely implementation of NEP 2020 for providing high-quality educational opportunities to all. The holistic approach of the seminar will help the participants to deliberate upon the emphasis on quality, multidisciplinarity, medium of instruction, skill education and frameworks of educational learning in NEP 2020. This will aid in recommending NEP implementation initiatives for the benefits of policy makers and other related agencies. This will also help in preparing academic institutions to bring together all the stakeholders for achieving the agendas of NEP 2020 and to establish India as *Vishwaguru*.

WHO SHOULD PARTICIPATE?

This National Student Seminar will be of great interest to undergraduate and postgraduate students of all streams from different academic institutions across the country.

SEMINAR TRACKS

We welcome original ideas as per the following tracks in relation to NEP 2020. However, this is indicative and not restrictive.
