

ATTENTION AUTHORS:

ALERT NOTE ON FRAUDULENT CALLS / PREDATORY JOURNALS

1. Editorial Office of NIU International Journal of Human Rights (NIUIJHR) has been receiving complaints from authors about getting telephonic calls / messages / e-mails, from those posing as Agents / Consultants/middlemen on behalf of this Office, offering / extending their help for a fee in getting the work expedited with our Office for article publication.
2. Please be informed that such messages / offers are fraudulent and Office of NIUIJHR has nothing to do with such messages/offer of help. Office of the NIUIJHR does not have any Consultants / Agents or designated branches anywhere in India.
3. Authors are advised not to fall for such frauds or touts and instead, check with the Office of the NIUIJHR before responding to any such messages, emails or offer.
4. Editorial Office of the NIUIJHR would like to further notify that that a dummy journal with the same name, cover page & ISSN as that of NIU International Journal of Human Rights is being published by some spurious publishers, like
 - **OCHRE (India)**, email id info@ochreindia.in contact +91-7400411044, website: <https://ochreindia.in/>
 - **Krishna Research Organization**, email id infokrishnaresearchorg@gmail.com contact +91-7011036166, website: <https://krishnaresearchorganization.com/>

These operators are sending out email messages to researchers soliciting research papers and offering speedy publication asking them to deposit manuscript submission charges for publication. They are also issuing certificates to the authors. This is typical predatory journal behavior and a fraud perpetrated on the research community. It misleads uninformed and unsuspecting researchers who are seeking publication and does immense damage to the reputation of NIUIJHR. The case has already been informed to UGC CARE Office and a Police Complaint has been lodged at Sector 39 Police Station, Noida in this regard. The management of the Noida International University and the Editorial Board of the Journal would like to categorically state that NIU International Journal of Human Rights has nothing to do with that Journal and we shall not be responsible for any publication pertaining to that journal.

5. We further request readers and others targeted by such predatory entities to alert us and forward any message they receive from such entities.
6. NIUIJHR has a strong credibility to it as it is being published since 2015 and is UGC CARE listed from 2018 – 2022 (fourth year in a row). It is also accredited by the India Citation Index. **Publication in NIUIJHR strictly goes by the quality of the submitted research papers and the rigorous peer review process that it goes through subsequently. No**

processing fee is charged from the authors nor is any certificate issued to anyone any stage of publication.
